

# INSTRUCTIONS

AGES 4 THROUGH ADULT  
2 TO 4 PLAYERS

## OBJECT OF THE GAME:

Be the first player to have seven of your colored Flip'n Chips™ showing.

## GAME SETUP:

Each player is assigned a Flip'n Chip color/shape. Place all of the Flip'n Chips™ into the container. Remove the lid and place your hand over the top. Shake the container, then 'pour' the chips out onto the playing surface. Move (*but don't flip!*) any chips that are piled on top of each other so that all chips are laying flat on the surface. The game is now ready to play.

## GAME PLAY:

Players try to find any side of a Flip'n Chip that matches the color/shape they have been assigned by flipping a chip over. The first player begins by flipping any chip over. If the face-up side of that chip matches the color/shape for the player, that player can then flip over another chip. If a chip is flipped over and it doesn't match your color/shape, *leave the chip face-up as it was flipped* and your turn is over. Play moves to the next player. The first player to get seven of their Flip'n Chips™ face-up wins the game.
